**Re: Westchester County
CSEA Negotiations**

Dear Mr. Toomey:

At a negotiations meeting held in April 2017, the CSEA presented the County a proposal for settlement of the contract that expired as of December 2011.

At that time you stated that you understood our concerns and that a response from the County would be forthcoming.

As of this date, the County has not formally responded to the CSEA's proposals other than claiming that the cost was too high. You also stated that you would look at the Health Insurance contributions, including a cap, as a way to move negotiations forward.

Therefore, I am requesting a meeting at which the County would be presenting its proposal for settlement.

Please contact my office so that we can schedule a negotiation meeting at the earliest possible date.

Yours truly,

Larry Sparber
