

*We express our sincere sympathies to  
Tim Coburn and Family*

*Tim Coburn's home was destroyed by fire just over a week ago. Tragically, there was one person that perished as a result of the fire. While the fire didn't start on Tim's floor, there was significant damage done to the entire structure. Tim reportedly lost everything. We will be taking up a collection to assist Tim during this tragic time. We ask that you keep Tim in your thoughts and prayers during this difficult time.*

*In an effort to provide some assistance we will be accepting donations on behalf of the family. Below is a list of liaisons in each office who have agreed to collect donations on behalf of the Department for the Coburn Family. We appreciate any contributions you are willing to offer. We will provide additional updates as we receive them.*
